	Participate in team games, developing simple tactics for attacking and defending	Play competitive games, modified where appropriate and apply basic principles suitable for attacking and defending	play competitive games, modified where appropriate and apply basic principles suitable for attacking and defending
	Master basic movements including running, jumping, throwing and catching  As well as developing balance, agility and co-ordination, and begin to apply these in a range of activities	Develop flexibility, strength, technique, control and balance [for example, through athletics and gymnastics]	Develop flexibility, strength, technique, control and balance [for example, through athletics and gymnastics]
	Perform dances using simple movement patterns.	Use running, jumping, throwing and catching in isolation and in combination	Use running, jumping, throwing and catching in isolation and in combination

Key stage 1 Pupils should develop fundamental movement skills, become increasingly competent and confident and access a broad range of opportunities to extend their agility, balance and coordination, individually and with others. They should be able to engage in competitive (both against self and against others) and co-operative physical activities, in a range of increasingly challenging situations.

Key stage 2 Pupils should continue to apply and develop a broader range of skills, learning how to use them in different ways and to link them to make actions and sequences of movement. They should enjoy communicating, collaborating and competing with each other. They should develop an understanding of how to improve in different physical activities and sports and learn how to evaluate and recognise their own success.
