

The Importance of a High Quality Oracy Education

You are the only second chance for some children to have a rich language experience. If these children are not getting it at school, they are not getting it."

Neil Mercer, Emeritus Professor of Education at the University of Cambridge & Director, Oracy Cambridge

Oracy is the ability to articulate ideas, develop understanding and engage with others through spoken language. In school, oracy is a powerful tool for learning; by teaching students to become more effective speakers and listeners we empower them to better understand themselves, each other and the world around them.
